Adequate means of access shall be provided at each end of such portion of the drain as is beneath the building.

25. Any pipe drain passing under a wall shall be protected at the part through the wall by an arch, reinforced concrete slab, or iron support so as, in the opinion of the Commissioners or any person authorised by them in this behalf, to be of sufficient strength to prevent any disturbance of the pipe drain caused by pressure or settlement of the wall.

30. When any person intends to instal a privy or urinal on the water-carriage system, and there is no municipal underground sewerage system with which it may be connected, he may instal such privy or urinal on the condition that he provides a covered septic tank, and a soak pit or a disposal gallery in conformity with the provisions of By-law 36.

The length of gallery shall be not less than

a figure calculated at the rate of five feet per user when laid in porous sandy subsoil. The gallery may be in one line, or in parallel lines the distance between which is not less than six feet. When laid in heavy subsoil, the length of gallery shall be calculated at ten feet per user, and it shall be laid in two or three separate lengths fed from a junction man-hole so arranged that one or more lengths can be cut off for rest.

Soak pits and disposal galleries shall be constructed in accordance with the type plans to be kept at the municipal office.

34. The sewers connecting from the privies or urinals to the septic tanks shall be constructed of such materials and in such manner as is laid down in by-laws Nos. 14 to 26.

35. The minimum quantity of water which shall be provided for the flushing of the water-closets and urinals is five gallons per user per day.

(3) When the scheme has not been prepared in the office of the Chief Engineer, it shall be accompanied by full details of the calculations of the size and strength of the various works and complete information as to the prices on which the estimates have been based.

(4) The Sanitary Board shall submit the scheme as finally drawn up to the Revenue Department of Government for approval, with an expression of their opinion (a) on its merits and (b), if a loan is required, on the terms of such loan.

7. *Submission of proposals for rules regulating house-connections.*—If the scheme includes projects with the intention of allowing house-connections, the local authority shall, within three months of submitting the detailed plans and estimates under rule 6, submit proposals for rules under section 138 of the Act regulating house-connections.

8. *Final sanction of schemes.*—The Local Government may either sanction or reject the scheme as submitted by the Sanitary Board or may refer it, with such proposals for amendment as it may think fit, to the Sanitary Board.

9. *Commencement of work.*—No work shall be commenced on the project, nor shall any agreement be entered into in respect thereof, until the detailed plans and estimates have received the final sanction of the Local Government under rule 8 or of the Commissioner of the Division, as the case may be.

10. *Sanction to heavy excesses over detailed estimates.*—If at any time during the progress of the work the local authority has reason to anticipate that the sanctioned detailed estimate will be exceeded by more than 10 per cent., or if it shall at any time appear to the local authority that the sanctioned detailed scheme will require material alteration, the local authority shall forthwith submit to the Local Government or the Commissioner of the Division as the case may be, for sanction a revised scheme with revised estimates and plans.

The revised estimates and plans shall be prepared—

(a) in the case of schemes prepared and carried out by a firm of engineers of established reputation, or by an officer specially appointed for the purpose under rule 5 (1) (b) (i) or 5 (1) (b) (iii) and rule 12 (2) (a), by the firm of engineers or the engineer so appointed, and shall be scrutinized by the Chief Engineer;

(b) in the case of schemes prepared and carried out by the District Engineer under rules 5 (1) (b) (ii) and 12 (2) (b), by that officer and shall be scrutinized by the Chief Engineer;

(c) in all other cases, by the Chief Engineer.

11. *Taking over of complete supervision and control by Chief Engineer.*—(1) The Chief Engineer shall have complete supervision and control of the carrying out of all schemes of water-supply, sewerage and drainage towards which the Local Government make a grant amounting to Rs. 50,000 or more, or to half the total cost of the scheme, or more. The local authority shall undertake to pay the fees specified in rule 32 before work on the scheme is begun.

(2) In other cases the local authority may request the Chief Engineer to take over supervision and control of the work, and on the local authority undertaking to pay the fees specified in rule 32, the Chief Engineer shall, if he considers that he can do so without detriment to the public service, take over such supervision and control.

(3) Works, of which the complete supervision and control are taken over by the Chief Engineer under sub-rule (1) or sub-rule (2), shall be considered as contribution works and shall be carried out by the Engineering Branch of the Public Health Department under the rules regarding such works in paragraphs 210 to 214 of the Bengal Public Works Department Code (1st edition), except that the provision made in the Code for establishment, etc., will be covered by the fees specified in rule 32 hereof, or shall be met by the local authority by payment of such fees as the Local Government may from time to time prescribe.

(4) In addition to the above fees the local authority shall bear all law charges on behalf of the Local Government in any suits brought by contractors or others in connection with the execution of any project under this rule:

Provided that no charge shall be payable by the local authority under sub-rule (4), if, in the opinion of Local Government, the suit is due to the malfeasance or negligence of the Chief Engineer or an officer subordinate to him.

(5) The local authority shall be given an opportunity of seeing the terms of any contract for the execution of such work before it is executed. The Chief Engineer shall consider any remarks made by the local authority as to the terms of the contract and if he is unable to accept the remarks shall submit the matter to the Local Government for decision.

12. *Conditions as to detailed engineering supervision.*—(1) Where the projected work is estimated to cost more than Rs. 10,000, adequate provision for detailed engineering supervision shall be a condition precedent to the grant of final sanction by the Local Government under rule 8.

(2) Save as otherwise expressly directed by the Local Government—

(a) the work shall be carried out under the supervision of an engineer, either permanently employed by the local authority or specially employed for the purpose, assisted by an adequate establishment of properly qualified overseers, the name and qualifications of the engineer having been previously submitted to the Chief Engineer, and approved by him; or

(b) with the previous approval of the Chief Engineer, the work shall be carried out under the supervision of the District Engineer and his staff; or

(c) the work shall be carried out under the complete supervision and control of the Chief Engineer in the manner provided in rule 11.

(3) In cases (a) and (b) referred to in sub-rule (2), the work while in progress shall be subject to inspection and control by the Chief Engineer.

13. *Report by local authority to the Chief Engineer in case of small work.*—Where the work is estimated to cost not more than Rs. 10,000 and where a grant or loan has been taken from the Local Government, the local authority shall report to the Chief Engineer, the agency by which it is proposed to have such works carried out, and shall follow the instructions issued by the Chief Engineer in the matter.

Tenders and Contracts.

14. *Procedure to be followed in case of other works.*—In the case of works carried out under clause (a) or clause (b) of rule 12 (2) the procedure provided by rules 15 to 26 shall be followed.

15. *Preparation of drawings, specifications, forms of tender, etc.*—When requested by the local authority, the Chief Engineer shall, subject to the payment of the fees mentioned in rule 30, prepare working or contract drawings, specifications, estimates, bills of quantities,

forms of tender, or other documents or plans required for the execution of schemes, which have been duly sanctioned and which are to be let out by contract, as well as forms of advertisement inviting tenders for such works.

16. *Approval of Chief Engineer to drawings, specifications, forms of tender, etc.*—When drawings, specifications, bills of quantities, forms of tender and other documents or plans referred to in rule 15 relating to any work are not prepared by the Chief Engineer, such drawings, specifications, bills of quantities, forms of tender and other documents or plans, shall be submitted to him for his approval in writing before tenders for the contract of such work are advertised for.

Note (i).—The terms of a contract shall be precise and definite and there shall be no ambiguity or room for misconstruction therein.

Note (ii).—When necessary, legal and financial advice shall be taken in regard to the nature and form of a contract before it is finally accepted.

Note (iii).—The standard form of a contract shall be adopted wherever possible, and its terms shall be adequately scrutinized before it is finally accepted.

Note (iv).—Provision shall be made in contracts for safeguarding properties belonging to Government or local bodies when such properties are entrusted to a contractor.

17. *Advertisements inviting tenders.*—Every advertisement for tenders shall be published in one or more newspapers and shall briefly describe the works required to be carried out and state the place or places where plans and drawings can be seen, and copies of the specifications and forms of tender can be obtained, the deposit to be paid by any person making a tender, and the date and hour up to which tenders will be received.

18. *Approval of plans, drawings, specifications, forms of tender, etc., by the local authority.*—All plans, drawings, specifications, bills of quantities, forms of tender and advertisements shall be formally approved by the local authority in meeting. Whenever such authority desires to make any alteration in any one of such documents, the Chief Engineer shall be informed and his advice obtained with regard to such alteration.

19. *Submission and receipt of tenders.*—All tenders shall be submitted in sealed covers addressed to the Chairman or the Vice-Chairman of the local authority, who shall attend in person at the office of such authority, or at any other place to which it has been directed that tenders shall be forwarded, at the latest hour specified in the advertisement for the receipt thereof. Any tender received after such hour shall not be considered.

20. *Opening and numbering of tenders.*—The Chairman or the Vice-Chairman of the local authority shall himself open the tenders, shall number each tender, and shall note thereon the exact time at which it was opened.

21. *Checking and scrutiny of tenders.*—After the tenders have been opened, they shall be—

- (i) sent to the Chief Engineer; or
- (ii) in the case of works carried out under rule 12 (2) (a) under the supervision of an engineer approved by the Chief Engineer as being competent to advise on these questions, handed to that officer; or
- (iii) in the case of works carried out under rule 12 (2) (b) under the supervision of the District Engineer, handed to that officer,

for check and scrutiny:

Provided that, in case (ii) or (iii), the engineer employed by the local authority or the District Engineer, as the case may be, shall in case of difficulty or uncertainty, consult the Chief Engineer.

22. *Return of tenders after check and scrutiny.*—The Chief Engineer, or the engineer employed by the local authority, or the District Engineer, as the case may be, shall, after checking and scrutinizing the tenders, return them to the local authority with his remarks and recommendations.

23. *Consideration of tenders.*—The local authority shall in meeting consider the tenders when checked and scrutinized under rule 22, and either accept one of them provisionally or, if the local authority thinks it desirable, refer the matter to the Chief Engineer for advice.

24. *Acceptance of tender.*—No tender shall be accepted which is not in order, is not fully priced out, and is not in every way in accordance with the instructions contained in the advertisement inviting such tenders. If the person making a tender makes in it after its submission any reduction or any alteration other than the correction of a palpable arithmetical error, that tender shall be out of order and shall not be considered. In cases where the lowest tender is not accepted the reasons for such non-acceptance shall be recorded, and in accepting a tender the financial status of the contractor shall be taken into consideration in addition to all other relevant matters.

25. *Discharge of tenders and advertisement for fresh tenders.*—If it is found that none of the tenders submitted is satisfactory, or if for any reason it is believed that the conditions of submitting tenders have not been properly understood, so that fair tenders have not been received, all such tenders shall be discharged and fresh tenders shall be advertised for.

26. *Provisional acceptance and submission of tenders to the Chief Engineer.*—After a tender has been provisionally accepted, it shall be submitted to the Chief Engineer, for final approval, together with all

other tenders received for the work, and until such approval has been received no tender shall be finally accepted by the local authority:

Provided that, in case of a difference of opinion between the local authority and the Chief Engineer, in regard to the acceptance of a particular tender, the matter shall, if the local authority so desires, be referred to the Chief Engineer, Roads and Buildings, whose decision shall be final and binding on all parties.

27. *Placing and acceptance of contracts.*—Whenever practicable, contracts shall be placed only after tenders have been openly invited. Even in cases where a formal written contract is not made, no orders for supplies shall be placed without a written agreement as to the price of the articles supplied. No contract involving an uncertain and indefinite liability, or containing any condition of an unusual nature, shall be accepted without the previous approval of the local authority at a meeting. The terms of the contract, once accepted, shall not be materially varied without the previous consent of such authority.

28. *Bengal Public Works Department Code to apply to certain works.*—Works carried out under the complete supervision or control of the Chief Engineer under rule 12 (2) (c) shall be governed *mutatis mutandis* by the rules contained in paragraphs 175 to 180 of the Bengal Public Works Department Code (1st edition), and the Chief Engineer shall have the powers of a Superintending Engineer, Public Works Department, as defined in Government orders Nos. 126P.H. and 777P.H., dated the 14th January 1931 and 1st April 1932, respectively.

29. *Examination of contracts by audit authorities.*—The audit authorities shall have power to examine contracts and to report to the Local Government any cases where competitive tenders have not been called for, or where high tenders have been accepted, or where other irregularities in procedure have come to light.

Fees.

30. *Fees.*—For the services of the Chief Engineer specified in column 1 of the following table, the fees shown opposite in column 2 shall be payable by the local authority:—

Nature of work. 1	Fees. 2
(a) Preparation of detailed estimates and drawings for projects and schemes.	2 per cent. on the estimated cost of the works.
(b) Preparation of contract drawings, specifications and forms of tender.	2 per cent. on the estimated cost of the works.
(c) Examination and check of detailed estimates and drawings for projects and schemes prepared by a different agency.	$\frac{1}{2}$ per cent. on the 1st Rs. 20,000 of the estimated cost and $\frac{1}{4}$ per cent. on the balance of the estimated cost of the works.

Provided that when the Chief Engineer prepares both (a) detailed estimates and drawings and (b) contract drawings, specifications and forms of tender in respect of the same works, an inclusive fee of 3 per cent. on the estimated cost of such works shall be payable.

Note 1.—In calculating the fees the cost of survey, land acquisition and supervision shall be excluded from the estimated cost.

Note 2.—These fees shall be included in the estimates and recovered by debit to the works as a first charge on the scheme.

Note 3.—The local authority shall pay these fees in cash in accordance with the procedure laid down in article 426 of the Audit Code, if it abandons the detailed scheme at any time, or if, after budget provision has been made for the purpose, it is unable to commence the work within six months or such longer period as the Local Government may be pleased to allow of the final sanction of the scheme.

Note 4.—Under rule 5 fees are to be paid for the preparation of alternative plans and estimates for which application is made by the local authority: but revision by the Chief Engineer on his own initiative of plans and estimates previously prepared by him with a view to effect economy or improvements does not amount to the preparation of an alternative scheme for the purpose of this rule.

31. *No charge for services of the Chief Engineer, or his assistants for preparation of sketch of project.*—When the preparation of the sketch of a project is undertaken or supervised by the Chief Engineer under rule 2, no charge shall be made for his services or for those of his assistants, or for the services of Government surveyors, draftsmen and tracers engaged in such work, and drawing materials and instruments required for such work shall be provided at Government expense:

Provided that the local authority shall render all reasonable assistance on the spot in supplying survey coolies and survey pegs and in fixing bench-marks, etc., and shall pay the actual cost of the same, and shall also, in each case, provide a suitable office properly furnished for the use of the Government surveyors and draftsmen.

32. *Fees for supervision and control of works under rule 11.*—
(1) The fee payable for the supervision and control of works by the Chief Engineer under rule 11 shall be 8 per cent. on the actual cost of the work.

(2) The percentage prescribed in sub-rule (1) shall be debited to the work every month and shall be calculated on the total expenditure on the work for the month, no item of expenditure recorded in the accounts being exempt from the percentage charges.

Note.—The expenditure on land acquisition shall not be included in the calculation referred to in sub-rule (2).

PUBLIC.

New Delhi, the 24th December 1935.

No. F. 50/20/34.—The following resolution by the Secretary of State for India in Council is published for general information:—

In exercise of the powers conferred by sub-section 2 of section 96B of the Government of India Act and in pursuance of Rules 47 and 43(a) of the Civil Services (Classification, Control and Appeal) Rules, the Secretary of State for India in Council, with the concurrence of a majority of votes at a meeting of the Council of India held on the 13th day of August 1935, has made the following rules:—

1. *Title*.—These rules may be called the Government Servants' Conduct Rules, 1935.

2. *Definitions*.—In these rules:—

(1) "government servant" means—

(a) a member of an All-India Service, of the Indian Political Department, or of the Indian Ecclesiastical Establishment, or

(b) an officer holding the King's Commission on the active list of the Regular Army, the Royal Air Force or the Royal Indian Navy and serving in a Central, Provincial or Specialist Service,

whether for the time being on foreign service or not,

but does not include such member or officer as aforesaid when holding the office of Governor of a Province, of Member of the Executive Council of the Governor-General or of a Governor, or of Judge of a High Court;

(2) "Indian" means a person of unmixed Asiatic descent permanently resident in India; and

(3) "Local Government" means—

(a) the Local Government of a Governor's Province in respect of government servants under the administrative control of such Local Government and in respect of matters relating to associations the membership of which is confined to such government servants, and

(b) the Governor-General in Council in respect of government servants, and matters relating to associations, other than those referred to in clause (a):

Provided that a Local Government may, by general or special order, and subject to such conditions as it may think fit, declare any authority subordinate to it to be the Local Government for all or any of the purposes of these rules:

Provided further that the Auditor-General shall exercise the powers of a Local Government under these rules in respect of officers of the Indian Audit and Accounts Service who are members of the Indian Civil Service.

3. *Gifts, gratuities and rewards.*—(1) Save as otherwise provided in this rule, no government servant shall, except with the previous sanction of the Local Government—

(a) accept directly or indirectly on his own behalf or on behalf of any other person, or

(b) permit any member of his family so to accept,

any gift, gratuity or reward or any offer of a gift, gratuity, or reward from an Indian who is not related to him.

(2) A Political Officer may accept a ceremonial gift from the Prince or Chief of a State in India if the gift is such that a return gift will be made at the expense of Government. A gift so accepted shall be delivered to the Local Government.

(3) Subject to the provisions of any general or special order of the Local Government, a government servant may accept from any Indian a complimentary gift of flowers or fruit or similar articles of trifling value, but all Government servants shall use their best endeavours to discourage the tender of such gifts.

(4) Subject to the provisions of any general or special order of the Local Government, a government servant may accept, or permit any member of his family to accept, from an Indian who is his personal friend, a wedding gift of a value which is reasonable in all the circumstances of the case, and which, in the case of a wedding gift offered to a European government servant or to a member of his family, does not exceed Rs. 200. All government servants shall use their best endeavours to discourage the tender of such gifts and such acceptance or permission shall be reported to the Local Government, and, if the Local Government so requires, the gift shall be returned to the donor.

(5) If a government servant cannot, without giving undue offence, refuse a gift of substantial value from an Indian, he may accept the same, but shall, unless the Local Government by special order otherwise directs, deliver the gift to the Local Government.

(6) Subject to the provisions of any rules made by the Secretary of State in Council and of any special or general orders of the Local Government not repugnant to such rules, a medical officer may accept any gift, gratuity or reward offered in good faith by any person or body of persons in recognition of his professional services.

4. *Public demonstrations in honour of government servants.*—(1) Save as otherwise provided in this rule, no government servant shall, except with the previous sanction of the Local Government—

(a) receive any complimentary or valedictory address, accept any testimonial or attend any public meeting or entertainment held in his honour; or

(b) take part in the presentation of a complimentary or valedictory address or of a testimonial to any other government servant or to any person who has recently quitted the service of Government, or attend a public meeting or entertainment held in honour of such other government servant or person.

(2) Notwithstanding anything contained in sub-rule (1)—

(a) a Chief Commissioner may receive an address;

- (b) a government servant may at the request of any public body sit for a portrait, bust or statue not intended for presentation to him;
 - (c) subject to the provisions of any general or special order of the Local Government, a government servant may take part in the raising of a fund to be expended, in recognition of the services of any other government servant or of a person who has recently quitted the service of Government, on the foundation of a scholarship or on any other public or charitable object or on the execution of any portrait, bust or statue not intended for presentation to such other government servant or person:
- Provided that no government servant shall solicit any subscription in aid of such fund;
- (d) subject to the provisions of any general or special order of the Local Government, a government servant may attend a farewell entertainment of a substantially private and informal character held as a mark of regard to himself or to any other government servant, or to a person who has recently quitted the service of Government, on the occasion of the retirement from the service or departure from a district or station of himself or such other government servant or person.

5. *Presentation of trowels, etc., at ceremonial functions.*—(1) No government servant shall, except with the previous sanction of the Local Government, receive any trowel, key or other similar article offered to him at a ceremonial function, such as the laying of a foundation stone or the opening of a public building.

(2) Nothing in sub-rule (1) shall apply to a Chief Commissioner, to a Resident of the First Class, to the Commissioner in Sind, to a member of a Board of Revenue, to a Financial Commissioner, to a Resident of the Second Class or to a Commissioner of a Division.

6. *Subscriptions.*—No government servant shall, except with the previous sanction of the Local Government, ask for or accept from a Prince or Chief of any State in India, or the Agent of any such Prince or Chief, any subscription or other pecuniary assistance in pursuance of any object whatsoever.

7. *Lending and Borrowing.*—(1) No government servant shall lend money to any person possessing land within the local limits of his authority, or, except in the ordinary course of business with a bank or firm of standing, borrow money from, or otherwise place himself under a pecuniary obligation to, any person subject to his official authority, or residing, possessing immovable property or carrying on business within the local limits of such authority:

Provided that this sub-rule shall, in its application to the dealings of a government servant with a Co-operative Society registered under the Co-operative Societies Act, 1912 (II of 1912), or under any Provincial Co-operative Societies Act, be subject to such relaxation as the Local Government may by special or general order direct.

(2) When a government servant is appointed or transferred to a post of such a nature that a person from whom he has borrowed money or to whom he has otherwise placed himself under a pecuniary obligation will be subject to his official authority, or will reside, possess immovable property or carry on business within the local limits of such authority, he shall forthwith report the circumstances to the Local Government, and shall thereafter act in accordance with such orders as may be passed by the Local Government.

8. *Buying and selling houses and other valuable property.*—Save in the case of a transaction conducted in good faith with a regular dealer or permitted under Rule 9, a government servant who intends to transact any purchase, sale or disposal by other means of movable or immovable property exceeding in value Rs. 200 with an Indian residing, possessing immovable property or carrying on business within the local limits of the official authority of such government servant, shall declare his intention to the Local Government. The declaration shall state fully the circumstances, the price offered or demanded and, in the case of disposal otherwise than by sale, the method of disposal, and the government servant shall thereafter act in accordance with such orders as may be passed by the Local Government:

Provided that a government servant who is about to quit the local limits of his official authority may, without reference to the Local

Government, dispose of any of his movable property by circulating lists of it among the public generally or by causing it to be sold by public auction.

9. *Holding or acquiring immovable property.*—(1) No government servant domiciled outside Asia shall, save in good faith for the purpose of residence, directly or indirectly hold or acquire immovable property—

- (a) within the province in which he is employed or within any province with the administration of which he is concerned or within a State in India in which he is employed; or
- (b) within any other province, except with the previous sanction of the Local Government; or
- (c) within any other State in India, except with the previous sanction of the Governor-General in Council.

(2) No government servant domiciled in Asia shall, save in good faith for the purpose of residence, acquire any immovable property in India by purchase or gift, except with the previous sanction of the Local Government.

10. *Control over immovable property held or acquired by government servants.*—Subject to the provisions of any general or special order of the Local Government, every government servant or candidate for Government service shall make to the Government concerned, through the usual channel, a declaration of all immovable property in India from time to time held or acquired by him or by his wife or by any member of his family living with, or in any way dependent upon, him. The declaration shall state the district or the State in India within which the property is situated and shall contain such further information as the Local Government may by general or special order require.

11. *Investments.*—(1) No government servant shall speculate in investments. For the purposes of this sub-rule, the habitual purchase and sale of securities of notoriously fluctuating value shall be deemed to be speculation in investments.

(2) No government servant shall make any investment likely to embarrass or influence him in the discharge of his official duties.

(3) If any question arises whether a security or an investment is of the nature referred to in sub-rule (1) or sub-rule (2), respectively, the decision of the Local Government thereon shall be final.

12. *Promotion and Management of Companies.*—No government servant shall, except with the previous sanction of the Secretary of State in Council, take part in the promotion, registration or management of any bank or company:

Provided that a government servant may, with the previous sanction of the Governor-General in Council, enter into the service of a railway company:

Provided also that a government servant may, in accordance with the provisions of any general or special order of the Local Government, take part in the promotion, registration or management of a Co-operative Society registered under the Co-operative Societies Act, 1912 (II of 1912), or under any Provincial Co-operative Societies Act.

13. *Private trade or employment.*—No government servant shall, except with the previous sanction of the Local Government, engage in any trade or undertake any employment or work, other than his official duties:

Provided that a government servant may, without such sanction, undertake honorary work of a social or charitable nature or occasional work of a literary or artistic character, subject to the condition that his official duties do not thereby suffer; but he shall not undertake, or shall discontinue, such work if so directed by the Local Government.

14. *Insolvency and habitual indebtedness.*—A government servant shall avoid habitual indebtedness. If a government servant is adjudged or declared insolvent, or if a moiety of his salary is frequently attached for debt, has been continuously so attached for a period exceeding two years, or is attached for a sum which, in ordinary circumstances, he could not repay within a period of two years, he may, unless he proves that the insolvency or indebtedness is the result of circumstances which, with the exercise of ordinary diligence, he could not have foreseen or over which he had no control, and has not proceeded from extravagant or dissipated habits, be presumed to have contravened this rule. A

government servant who applies to be or is adjudged or declared insolvent shall forthwith report his insolvency to the head of the office or department in which he is employed.

15. *Communication of official documents or information.*—No government servant shall, except in accordance with any special or general order of the Local Government, communicate, directly or indirectly, any official document or information to a government servant unauthorised to receive the same, to a non-official person, or to the Press.

17. *Anonymous publication of documents and anonymous communications to the Press.*—No government servant shall, in any document which he publishes anonymously or in any anonymous communication to the Press, criticise the policy or action of Government intemperately or unreasonably. A government servant shall in respect of any such publication or communication be subject to the provisions of Rule 15.

18. *Publication of documents and communications to the Press in the name of Government servants and public speeches.*—(1) No government servant shall, in any document published under his own name or in any communication made to the Press under his own name or in any public utterance delivered by him, make any statement of fact or opinion which is capable of embarrassing—

(a) the relations between the Governor-General in Council or any Local Government and the people of India or any section thereof, or

(b) the relations between His Majesty's Government or the Governor-General in Council and any foreign country or the Prince or Chief of any State in India.

(2) A government servant who intends to publish any document under his own name or to make any communication to the Press under his own name or to deliver any public utterance containing statements in respect of which any doubt as to the application of the restrictions imposed by sub-rule (1) may arise shall submit to the Local Government a copy or draft of the document which he intends to publish or of the utterance which he intends to deliver, and shall thereafter act in accordance with such orders as may be passed by the Local Government.

19. *Evidence before Committees.*—(1) No government servant shall give evidence before a public committee—

(a) in India, except with the previous sanction of the Local Government:

(ii) No government servant shall permit any person dependent on him for maintenance or under his care or control to take part in, or in any way assist, any movement or activity which is, or tends directly or indirectly to be, subversive of Government as by law established in India.

Explanation.—A government servant shall be deemed to have permitted a person to take part in or assist a movement or activity within the meaning of clause (ii) if he has not taken every possible precaution and done everything in his power to prevent such person so acting, or if, when he knows or has reason to suspect that such person is so acting, he does not at once inform the Local Government or the officer to whom he is subordinate.

(2) No government servant shall canvas or otherwise interfere or use his influence in connection with, or take part in, any election to a legislative body, whether in India or elsewhere:

Provided that a government servant who is qualified to vote at such election may exercise his right to vote; but, if he does so, shall give no indication of the manner in which he proposes to vote or has voted.

(3) A government servant who issues an address to electors or in any other manner publicly announces himself or allows himself to be publicly announced as a candidate or prospective candidate for election to a legislative body shall be deemed for the purposes of sub-rule (2) to take part in an election to such body.

(4) The provisions of sub-rules (2) and (3) shall, so far as may be, apply to elections to local authorities or bodies, save in respect of government servants required or permitted by or under any law, or order of Government, for the time being in force to be a candidate at such elections.

21. *Vindication of acts and character of government servants as such.*—(1) No government servant shall, except with the previous sanction of the Local Government, have recourse to any Court or the Press for the vindication of his official acts or character from defamatory attacks.

22. *Membership of Service Associations.*—No government servant shall be a member, representative or officer of any association representing, or purporting to represent, government servants or any class of government servants unless such association satisfies the following conditions, namely:—

Provided that conditions (a) and (b) shall not be held to debar any government servant from remaining or becoming a member of the European Government Servants' Association or the Indian Officers' Association and that the Local Government may, for reasons to be recorded in writing, by general or special order, dispense with those conditions in the case of any other association.

23. *Control of government servants outside India.*—The Secretary of State in Council shall, for the purposes of these rules, be deemed to be the Governor-General in Council or the Local Government, as the case may be, in respect of a government servant who is on leave, or on duty, outside India.

24. *Saving.*—Nothing in these rules shall be deemed to derogate from the provisions of any law, or of any order of any competent authority, for the time being in force, relating to the conduct of government servants.

25. *Repeal.*—The Government Servants' Conduct Rules are hereby superseded in respect of government servants to whom these rules apply.

HOME DEPARTMENT.**King's Police Medal.****NOTIFICATION.**

New Delhi, the 1st January 1936.

No. F.-25/8/35-Police.—His Majesty The KING, EMPEROR OF INDIA, has been pleased to confer the King's Police Medal (and in two cases a bar to the Medal previously awarded) on the following officers and men of the Indian Police establishments:—

* * *

Bengal.

9. Hem Chandra Sen Gupta, Inspector of Police.—This officer did exceptionally meritorious work in tracing the ramifications of a terrorist organisation at Dacca—arresting notorious absconders and seizing firearms.

10. Ramendra Nath Mukharji, Officiating Inspector of Police.—This officer has shown conspicuous detective ability over a period of years in unearthing plots by terrorists to murder European officials and to raid the Treasury and the police magazine of the Rangpur district. He checked these plots by arresting a number of terrorists with firearms and ammunition in their possession. This special service of checking serious outbreaks of revolutionary crime he has performed at considerable personal risk.

11. Hari Bhusan Banarji, Officiating Inspector of Police.—With great tact and resource this officer collected information which was responsible for the frustration of several terrorist outrages, the apprehension of notorious absconders and the successful conclusion of several conspiracy cases.

12. Radha Raman Chatarji, Inspector of Police.—This officer did excellent work in frustrating proposed terrorist outrages in 1930, and was responsible for the successful investigation of the Puthia Mail Robbery Case, the Dharbila Robbery Case, the Rajshahi Town Robbery Case, the Luke Shooting Case, all of Rajshahi—and the North Bengal Conspiracy Case of 1932-33.

13. Panchanan Sikdar, Officiating Inspector of Police.—This officer joined the District Intelligence Branch in 1925 and with the exception of a break of a little over a year has continued in this Branch. His return to the District Intelligence Branch took place shortly after the Armoury Raid in Chittagong and the services rendered by him at that critical period were of a very high order. For the past 5 years he has shown remarkable skill, courage and industry in the performance of his difficult and dangerous duties as a District Intelligence Branch officer in Chittagong. In September 1933 he was raised to the position of Senior Inspector and the success which has been achieved by the District Intelligence Branch of this district is in a great measure due to this officer's intelligence, courage and initiative.

14. Heramba Chandra Ghosh, Inspector of Police.—This officer, who has now over 31 years' service, has earned 99 rewards, 28 of which have been awarded since he joined the Chittagong district ten years ago as an Inspector. He was sent to Chittagong in 1926 to cope with an outbreak of dacoities, and as a result of his efficient administration there was a lull in crime in that district. A similar outbreak in 1931-32 was also dealt with successfully by him. He has been of the greatest assistance to his superior officers throughout the years in which the district has been menaced by the terrorist movement, in particular during and immediately after the Armoury Raid. He has commanded the respect of his superior officers, his subordinates and the public throughout his career and has in the closing years of his service achieved excellent results by steady and meritorious work throughout an unusually trying period.

NOTICE is hereby given that, under Rule 64 of Order XXI of the Code of Civil Procedure, 1908, an order has been passed by this Court for the sale of the attached property mentioned in the annexed Schedule, in satisfaction of the claim of the decree-holder in Mortgage Suit No. 75 of 1935 decided by the Subordinate Judge of Murshidabad in which Sripat Sing Golechar was plaintiff, and Priyanath Ganguli was defendant, amounting with costs and interest up to date of sale to the sum of Rs. 14,387-12.

The sale will be by public auction, and the property will be put up for sale in the lots specified in the Schedule. The sale will be of the property of the judgment-debtor abovenamed as mentioned in the Schedule below; and the liabilities and claims attaching to the said property, so far as they have been ascertained, are those specified in the Schedule against each lot.

In the absence of any order of postponement, the sale will be held by the Nazir of this Court at the monthly sale commencing at 12 o'clock on the 15th January 1936. In the event, however, of the debt above specified and of the costs of the sale being tendered or paid before the knocking down of any lot, the sale will be stopped.

At the sale the public generally are invited to bid, either personally or by duly authorised agent. No bid by, or on behalf of, the judgment-creditor above-mentioned, however, will be accepted nor will any sale to him be valid without the express permission of the Court previously given. The following are the further conditions of sale:—

CONDITIONS OF SALE.

1. The particulars specified in the Schedule below have been stated to the best of the information of the Court, but the Court will not be answerable for any error, misstatement, or omission in this proclamation.
2. The amount by which the biddings are to be increased shall be determined by the officer conducting the sale. In the event of any dispute arising as to the amount bid, or as to the bidder, the lot shall at once be again put up to auction.
3. The highest bidder shall be declared to be the purchaser of any lot, provided always that he is legally qualified to bid, and provided that it shall be in the discretion of the Court or officer holding the sale to decline acceptance of the highest bid when the price offered appears so clearly inadequate as to make it advisable to do so.
4. For reasons recorded, it shall be in the discretion of the officer conducting the sale to adjourn it, subject always to the provisions of Rule 69 of Order XXI.
5. In the case of movable property, the price of each lot shall be paid at the time of sale or as soon after as the officer holding the sale directs, and in default of payment the property shall forthwith be again put up and re-sold.
6. In the case of immovable property, the person declared to be the purchaser shall pay immediately after such declaration a deposit of 25 per cent. on the amount of his purchase-money to the officer conducting the sale, and in default of such deposit the property shall forthwith be again put up and re-sold.
7. The full amount of the purchase-money shall be paid by the purchaser before the Court closes on the fifteenth day after the sale of the property, exclusive of such day, or if the fifteenth day be a Sunday or other holiday, then on the first office day after the fifteenth day.

The deposit, after defraying the expenses of the sale, may, if the Court thinks fit, be forfeited to Government, and the defaulting purchaser shall forfeit all claim to the property or to any part of the sum for which it may be subsequently sold.

Burdwan.—No. 6P.H.—7th January 1936.

—Whereas the Government of Bengal (Ministry of Local Self-Government) are satisfied that the area known as the Asansol Mining Settlement, in the Asansol subdivision of the district of Burdwan, is threatened with an outbreak of small-pox.

Now, therefore, in exercise of the power conferred by section 2A, read with sub-section (1) of section 2 of the Epidemic Diseases Act, 1897 (Act III of 1897), the Government of Bengal (Ministry of Local Self-Government) are pleased to prescribe the following temporary regulations for the prevention and control of small-pox, and for the medical inspection, isolation, observation and surveillance of persons suffering from, or suspected of being infected with, small-pox in the said area until the 31st December 1936:—

3. If in any case the Chief Sanitary Officer considers that the issue of a notice is likely to lead to such an amount of delay as might facilitate the spread of small-pox, he may forthwith take such steps as he may think fit for carrying out the work, and shall thereafter as soon as possible issue a notice on the persons concerned stating the reason why such work has been carried out.

4. If any measure which the Chief Sanitary Officer has, by a notice issued under any of these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice, the Chief Sanitary Officer shall be entitled to carry out the measure.

(2) The Board may recover all expenses incurred by the Chief Sanitary Officer in carrying out the measures under regulation 4 from the person or persons to whom the notice was originally issued.

14. When the Chief Sanitary Officer considers that the isolation of any person suffering from small-pox and residing in a building in the possession of, or under the control of, the owner, agent or manager of a colliery, is necessary, he may order the owner, agent or manager of such colliery to isolate such person in such a manner and for such a time as may be approved of by the Chief Sanitary Officer.

19. No person shall enter any place where-in persons are isolated or segregated under regulation 13 or 14, without the permission of the Chief Sanitary Officer.

20. The Board shall provide, free of charge, suitable places with necessary attendants, diet, food, etc., for persons isolated or segregated by order by the Chief Sanitary Officer, and the Chief Sanitary Officer may

certify places provided by private individuals as being fit for the purpose of isolation or segregation of persons under regulation 13 or 14 as the case may be.

Election Case No. 3 of 1935.

K. Ahmed.....Petitioner.

versus

1. Abdullyahel Baqui
2. Zahur Ahmed Choudhury } Respondents.

For the Petitioner :

For the Respondent No. 1 :

REPORT.

The petitioner K. Ahmed, the respondent No. 1. Abdullyahel Baqui, and the respondent No. 2 Zahur Ahmed Choudhury were candidates for election as members of the Legislative Assembly for the Rajshahi Division Mahomedan Constituency in the Presidency of Bengal. The respondent No. 2 withdrew his candidature before the election. The petitioner and the respondent No. 1 went to the polls and the respondent No. 1 was elected by a majority of 2,144 votes. K. Ahmed thereupon filed this election petition for the setting aside of the election of the respondent No. 1 Abdullyahel Baqui on various grounds. He also claimed the seat for himself. As the respondent No. 1, who alone appears to contest the petition, has not taken the steps laid down in Rule 42 of the Legislative Assembly Electoral Rules and Regulations, which are conditions precedent to his being permitted to adduce evidence to prove that the election of the petitioner would have been void if he had been the returned candidate and a petition had been presented complaining of his election, we consider that he is not entitled to recriminate.

We now propose to consider the election petition filed by K. Ahmed. The first petition was filed on the 12th of January 1935. To it was annexed an exhibit marked "D" which purported to be a list setting forth full particulars of the corrupt practices alleged by the petitioner. Thereafter the petitioner filed a supplementary petition on the 8th of February 1935. The respondent has replied to both these petitions.

The following issues were framed and accepted by both sides :—

1. Did the Returning Officer act in contravention of Regulation 35 in placing on the ballot papers Form No. 1 the name of the Respondent No. 1 before that of the petitioner? If so, did it materially affect the election?

2. Did the Respondent No. 1 or his election agent or agent, or any other person with the connivance of Respondent No. 1 or his agent commit the alleged corrupt practices mentioned in para. 8 or in para. 13 of the petition and those referred to and numbered 3 to 17 in Exhibit "D"? If so, under what part of Rule 44 do such acts come, and what consequences follow?

3. Was any money given or spent by any person in contravention of the provisions of Clauses 5 and 6 of Part II of Schedule V? If so, what consequences follow?

4. Were there any irregularities, illegalities and tampering in connection with the ballot boxes as alleged in para. 10 of the petition? If so, did they materially affect the election, and what consequences follow?

5. Did all the polling officers comply with the Regulations 41 and 42 and did the Returning Officer act in contravention of Regulations 47 and 48 in preparing and certifying the return of the election and in forwarding the same to the proper authorities? If not, what consequences follow?

6. Was the return of the election receipts and expenses of Respondent No. 1 or of the persons mentioned in Ext. I(1) in accordance with Rule 19 and Schedule IV or any other Rules and Regulations of the Legislative Assembly Electoral Rules and Regulations and did it contain particulars of all receipts and expenses together with the necessary vouchers and were the same false in material particulars? If not, what are the consequences?

7. Were any of the persons mentioned in Ext. I(1) of the petition, agents and canvassers of the Respondent No. 1?

8. Were the manifestoes and hand bills stated in Ext. I (2) published and printed in connection with and in support of the election of the Respondent No. 1? Were the said manifestoes, etc., signed by the persons whose names appear underneath them, or published with their consent? Is Respondent No. 1 in any way responsible for the said manifestoes, etc.? Are the costs of printing and publishing these manifestoes included in the return of election expenses? What consequences follow?

9. Were the publications in the "Moham-madi" made by the Respondent No. 1 or his agent, or any other person with the connivance of either of them? If so, were they false, and did the Respondent No. 1 or his agent either believe them to be false or not believe them to be true in relation to the personal character or conduct of the petitioner? If so, were they reasonably calculated to prejudice the prospects of the petitioner's election? What consequences follow?

10. Is the petitioner entitled to be declared as duly elected for the constituency?

The two petitions and the list of particulars contain a number of allegations which the petitioner has not even attempted to establish. This is particularly noticeable so far as certain charges against the polling officers are concerned. Much of our time has been taken up in trying to arrive at an understanding of what the petitioner meant to convey in certain portions of these documents, the draftsmanship of which is, to say the least, neither elegant nor lucid. There is much in it that is irrelevant, vague and obscure, and it would be tedious and unprofitable to set out at length all that has been said in the pleadings. We propose therefore to take up immediately each issue and give our decision thereon.

Issue No. 1.

This issue was not seriously pressed. The complaint of the petitioner is that his name has wrongly been placed second in the ballot paper form. According to Regulation 35 of the Legislative Assembly (Bengal) Electoral Regulations the names of the duly nominated candidates should be arranged alphabetically in the order of their surnames. The petitioner states that his surname is Ahmed whereas the respondent's surname is Baqui, and he contends that his name should have been placed first and that of the respondent second. On behalf of the respondent it is contended—and indeed this fact is admitted—that Mahomedans do not have surnames in the sense that this word is understood normally. Mr. Ahmed's son would not be known as Ahmed nor would Mr. Baqui's son be known as Baqui. The respondent's name appears first in the ballot paper because it begins with the letter "A" whereas the petitioner's name has been placed second on the ground that it begins with the letter "K". In these circumstances we find that it cannot be said that the provisions of Regulation 35 have been infringed. Further, learned Counsel on behalf of the petitioner admits that he is unable to show that the result of the election was in any way affected by reason of the fact that the petitioner's name was placed second on the ballot paper.

Issue No. 3.

The allegation of the petitioner is that the respondent, and his agents and canvassers hired hackney carriages, a taxi, a motor 'bus named "Kundu Special", and bullock carts for the purpose of conveying voters to the polling booth and that thereby the respondent is guilty of the corrupt practice specified in Schedule V, Part II, clause 5. Some witnesses come forward and say that they saw voters coming in hired vehicles and that they saw the canvassers of the respondent paying the hire thereof. On the other hand, we have the denial of the respondent and of some of his canvassers. In our opinion the evidence given on behalf of the petitioner is not convincing on this point and it does not correspond to the statements made in the list of particulars which is marked exhibit "D". To give an instance, it is stated in paragraph 16 of Ex. D that Abdul Mohid and another fetched voters in a taxi named "Ma" to the polling station at Dhupguri. There is no evidence given to establish this. On the contrary, the evidence on this point is that one Abdul Wahed paid the cart-hire of some voters at this centre. (*Vide* evidence of P. W. 14.) It is not alleged in paragraph 16 that Abdul Wahed paid any cart-hire, although Abdul Wahed has been mentioned and his activities at this centre specifically set out in this paragraph. No bullock-cart driver, bus-driver or taxi-driver has been examined. In our opinion, the allegation that conveyances were hired by or on behalf of the respondent has not been established. The corrupt practice mentioned in clause 5 of Part II of Schedule V has therefore not been proved. The next allegation is that certain persons published manifestoes advocating the

cause of the respondent and incurred the expense of such publication without the authority of the respondent. This allegation has been clearly proved. D. W. 11 Hafizar Rahaman states that he published the manifestoes (Exs. 3, 3a and 3b) at his own cost. P. W. 6 Abdul Rahaman says that he printed the manifesto (Ex. 6a) under orders of Ashadatulla Sheroji who paid him Rs. 5 as the costs of printing. Ashadatulla Sheroji is D. W. 13. He says that he was responsible for the printing of this manifesto and admits that it was done without Abdullyahel Baqui's knowledge. P. W. 7 Arifar Rahaman admits that he paid the costs of printing the manifesto (Ex. 8) out of his own pocket. The petitioner has therefore amply proved the charge that expenses were incurred for the publication of these manifestoes without the authority of the candidate. This corrupt practice has therefore been established. The next question for consideration is whether this has materially affected the result of the election. We are definitely of opinion that it has not. There is no evidence to prove, nor are there any circumstances which would justify us in inferring, that these manifestoes have had any great effect on the result of the election. The Constituency is a very large one and many of the voters are illiterate or semi-literate. We do not think that these manifestoes have influenced the voting to any material extent. The election, therefore, cannot be declared void on this ground.

Issues Nos. 4 and 5.

These issues were not seriously pressed. Although there were allegations in several paragraphs of the election petition and in the first two paragraphs of the list Ex. D, annexed to the petition, charging the polling officers with dishonesty and unfairness, no attempt was made to establish these charges. All that has been relied upon is the statement showing the result of verification referred to in Regulation 47 of the Legislative Assembly Electoral Regulations; this statement shows that the number of ballot papers in the ballot box as shown in Form IV did not in some instances correspond to the number of ballot papers actually found in the ballot box. In some cases Form IV was not forwarded with the ballot box. The discrepancies, however, were very trivial, and we are of opinion that the irregularities and the discrepancies were due to mistake and carelessness and not to any dishonesty on the part of the polling officers or of the Returning Officer or of the respondent or any of his men. It should be remembered that the respondent has a majority of 2,144 votes, and by no stretch of imagination can it be inferred that if these irregularities had not taken place, the majority of votes obtained by the respondent would have been appreciably diminished. No attempt has been made to show from these irregularities that the petitioner has been deprived of the benefit of a single vote or that they were committed in order to give the respondent any undue advantage. We hold therefore that the irregularities noticed above have not in any way affected the result of the election.

Issue No. 7.

This issue arises out of the allegations contained in Ex. I (1) annexed to the election petition. The exhibit commences thus: "List of canvassers and agents who travelled from place to place for canvassing for respondent No. 1 and not stated in his return of election expenses". Thereafter a list of names has been given. One of the names given is 'Moulvi dismissed daroga'. The language of the charge formulated by the petitioner in Ex. I (1) is typical of what we have had to contend with. We have interpreted the language to mean that the respondent has omitted to set out in his return of election expenses the amounts spent by the persons mentioned in the list for their travelling expenses. As no evidence has been given to show that any of these persons travelled from place to place or that they incurred any expenditure for such travelling, there is no need to consider whether or not they were canvassers of the respondent. This issue must accordingly be decided against the petitioner.

Issue No. 8.

The questions arising out of this issue have been considered to some extent when dealing with issue No. 3. We find that the manifestoes mentioned in Ex. I (2) annexed to the election petition were published and printed in support of the election of the respondent No. 1. We have also found that in some cases the expenses of publishing these manifestoes were paid by persons without the authority of the respondent No. 1. These expenses have not been shown in the return of election expenses. With regard to the manifestoes published in the Sen Press which are Exs. 2-2B and the manifestoes published in the Mohammadi Press which are Ex. 10, the expenses of publication are shown in the return of election expenses. The next objection to the manifestoes is that in some of them the names of the publishers are not given. In the manifestoes (Exs. 4, 5, 6 and 6A) the names of the publishers have not been given. In the other manifestoes there is no such defect. The evidence also establishes that permission was not taken of the signatories of Ex. 3B. As regards some of the manifestoes there is no evidence one way or the other, while with respect to some it has been established that the names of the signatories were published there after their permission was taken or at any rate that the signatories subsequently gave consent to their names appearing in them. Our decision regarding this issue is that the petitioner has succeeded in establishing that in connection with the publication of manifestoes there have been certain irregularities. We are of opinion, however, that these irregularities and defects have not materially affected the result of the election.

Issue No. 9.

This deals with the publication of certain statements made in the Weekly Newspaper called the "Mohammadi". The allegation of the petitioner is that certain false statements were published in this newspaper regarding

the petitioner and that the respondent was responsible for these publications. It was contended that the respondent knew that the statements were false and further that the statements were reasonably calculated to prejudice the prospects of the candidate's election. Four issues of the "Mohammadi", dated the 26th October, the 2nd November, and two issues of the 9th of November have been put in evidence to establish this charge. As regards the issue of the 26th of October and one issue of the 9th November, we find that there is nothing objectionable in them and learned Counsel for the petitioner did not contend that these issues contained anything objectionable. He confined his arguments to the two issues of this paper—one dated the 2nd of November and the other dated the 9th of November. There is only one passage which is objected to in the issue dated the 9th of November, and it runs thus: "It is our firm conviction that Mr. Ahmed by attempting to pass during the present epoch surreptitiously that godown-soiled article belonging to a time-barred cycle has proved to be highly guilty from the point of view of propriety and religion". In our opinion this passage does not come within the mischief of Schedule V, Part I, Clause 4. The writer of this article was pointing out that Mr. Ahmed was making use of a pamphlet which he had printed in the year 1926 in connection with some other election campaign. He says that that pamphlet was originally dated the 8th of October 1926 and that the date was scored through and changed to 18th. October 1934. He complains that Mr. Ahmed was acting wrongly in relying upon a pamphlet issued so long ago. He humorously describes the pamphlet as "belonging to a time-barred cycle". He goes on to say that many of the statements in that pamphlet had no application to the present time. The pamphlet contained certificates and testimonials given to Mr. K. Ahmed. The writer of the article complains that the use of such certificates and testimonials which were granted very many years ago was not proper. In our opinion there is no false allegation of fact. All that has been said about the pamphlet being dated the 18th October 1926 and of the alteration of the date of the pamphlet is perfectly true. The petitioner had been circulating a pamphlet of 1926 during his present election campaign and we agree with the writer of the article that many of the things said in that pamphlet would have no application to the present circumstances. We hold therefore that this issue of the "Mohammadi" contains no statement which falls within the mischief of Schedule V, Part I, Clause 4.

We turn next to the issue of the "Mohammadi", dated 2nd November 1934. In this article also the writer castigates the petitioner for using in the present campaign a pamphlet which he had caused to be published in 1926. Thereafter he makes certain allegations against the petitioner. The first statement runs thus: "Is it true that ordinarily he does not vote for any side but that he was taken along with great difficulty to give his vote on the occasion of Sir Abdur Rahim's amendment to the Army Bill"? There is no

evidence to show that the latter part of this statement is false. As regards the first part of this statement it is merely an expression of opinion regarding the petitioner's political activities. It does not relate to the petitioner's personal conduct or character in any sense, and we do not think that we need take any further notice of this statement, except to say that the petitioner has not shown to our satisfaction that what is stated therein was false.

The next insinuation against the petitioner is that during the last 14 years he did not move any resolution in the Assembly or any amendment to any resolution and that he did not put forward any draft Bill or make any attempt towards the amendment of any existing Law. There is no evidence placed before us to show that the petitioner ever sponsored any Bill. There is evidence that he did move one Motion. Here again we are of opinion that the allegations do not fall within the purview of Clause 4. These allegations are mere expressions of opinion regarding the political conduct of the petitioner in the Assembly. The petitioner has not established that he was a very active member of the Legislative Assembly so far as the moving of resolutions or the amendment of the Law is concerned. We think that comments of this description, although they may not be literally accurate, are permissible in an election campaign.

The next offending passage referred to runs as follows:—"Which side did he vote for on the resolution for the reduction of the prices of postcards, postage stamps, and stamps for registered documents"? The petitioner, when examined, admitted voting against the reduction of postal rates, but he says that he voted against this reduction because he wanted a lesser reduction. The Assembly debates of March and April 1929 show that the petitioner voted against the reduction of the Salt Tax. The Assembly debates of 1931 show that he opposed the reduction of postage. It may be that the petitioner's reasons for voting against this reduction were that he wanted a lesser reduction. But it was not possible for everyone to understand the petitioner's state of mind when he opposed these motions for the reduction of the salt tax or postal charges. We are of opinion that these allegations are not false. Then there is the allegation that the petitioner stated that Liverpool salt was clean and that Indian salt was dirty. There is no allegation that the petitioner did not make this statement.

We now come to a somewhat more important statement in this issue of the "Mohammadi". The passage runs thus: "Is it not true that in connection with the affair of the capital sentence of 'Sahid' Habib Noor, Mr. K. Ahmed voted against the resolution moved by Dr. Ziauddin Ahmad"? "Sahid" Habib Noor was executed in the Punjab for having committed murder. Dr. Ziauddin Ahmed moved an adjournment of the House in order to consider this matter. In the copy of the Assembly debates the petitioner is shown as having voted against the Motion for adjournment. A correction slip was, however, attached to show that this was wrong and that the petitioner had abstained from voting.

It has been established by the petitioner that this statement in the "Mohammadi" is not correct. But it has not been established that the respondent or the writer of the article knew that the statement was false or did not believe it to be true. We were shown a copy of the Assembly debates in which this correction slip was not attached. The writer of the article and the respondent may have well been misled by such a copy of the Assembly debates. It cannot be said that the attitude of the petitioner on this question was such that everyone should have known that he was not against the Motion for adjournment. On the contrary, the fact that he had abstained from voting shows that he adopted no definite attitude regarding this question. We conclude our decision regarding this issue by saying that there is nothing in the publications of the "Mohammadi" which would fall within the mischief of Schedule V, Part I, Clause 4. The issue is therefore decided against the petitioner.

Issue No. 2.

This issue arises out of the allegations made in paragraphs 8 and 13 of the petition and paragraphs 3 to 17 of Ex. D which is a list of particulars attached to the petition.

The charges in these paragraphs may be broadly classified as follows:—

- (1) The respondent and his canvassers hired conveyances to bring voters to the polling stations and paid the hire thereof.
- (2) The canvassers of the respondent published manifestoes purporting to be signed by persons who had not signed them.
- (3) The canvassers of the respondent made false allegations against the petitioner stating that he had increased the Salt Tax and duty on postage, matches, etc., and that he had been instrumental in getting two Mahomedans hanged at Calcutta for murdering the Sen Brothers who had published a book libelling the Prophet.
- (4) That the respondent and his canvassers and agents bribed and treated voters.
- (5) That the respondent on the polling day at the Dinajpore Kotwalli polling station led prayers and told the voters that they would incur divine displeasure if they did not vote for him.

Charges (1) and (2) have already been dealt with by us when dealing with issues 3 and 8 respectively. We have found that the first charge has not been established and that though the second charge has been established the election has not been vitiated by reason of this irregularity, as the result of the election was not materially affected thereby.

As regards charge No. 3 we are of opinion that there is no satisfactory evidence to prove that these allegations were made. The evidence is slender and lacks corroboration. Further, the evidence does not correspond to

the particulars given in Ex. D. A few instances will indicate this. In paragraph 3 it is alleged that at Chilhati a post-master Hakimaddi misled voters by saying that the petitioner was an Englishman and not a Mahomedan and was a pro-Government man. Now even if this was proved, it would not amount to a corrupt practice as defined in Schedule V, Part I, Clause 4. P. W. 36 gives evidence on this point. He says that Hakimaddi not only said this but also said that the petitioner had got two Mahomedans hanged for murdering the Sen Brothers and that he had also caused the Salt Tax and postal dues to be increased. This was never alleged in the list of particulars and consequently we can only hold that this evidence is unreliable. Next in paragraph 4 it is said that at Pirgunje one Surendra Kabiraj made certain false allegations against the petitioner. No proof of this was given. In the same paragraph it is alleged that at Bochagunje polling station certain canvassers said that the petitioner had caused two Punjabis to be hanged and that he had caused the Salt Tax and other taxes to be increased. P. W. 41, P. W. 42 and P. W. 43 are examined to prove this. P. W. 41 says that one Mukleswar Rahaman and Hafjaddi told voters that the petitioner had done nothing to prevent the increase of the Salt Tax. He says nothing else. P. W. 42 and P. W. 43 say nothing at all on this point, indeed they prove nothing at all. In paragraph 5 of Ex. D. the petitioner alleges that one Kasimuddin and Niranjan Babu stated that the petitioner had caused two Punjabi Musalmans to be hanged. P. W. 44 is examined to prove this. He says that he saw Niranjan at the polling station but could not say for whom he canvassed. As regards Kasimuddin, he was not even sure of his name. In the same paragraph the petitioner alleges that at Jamalpur polling station Mohammad Kafi, brother of the respondent made similar misrepresentations. P. W. 44 says that he knows Mohammad Kafi and that Kafi never went to the polling station. We do not propose to enumerate other instances like this. We are of opinion that this charge has not been established.

The evidence in support of charge (4), *i.e.*, of bribing and treating is of a similar nature. It lacks corroboration and it does not correspond to the allegations made in Ex. D. There is such a divergence between proof and pleadings that we cannot but hold that this charge has not been proved.

The last charge, *viz.*, that the respondent told the voters that they would incur divine displeasure if they did not vote for him, is palpably false. Paragraph 13 of the petition deals with this charge. All that is said there is this:—"The said respondent No. 1 led prayers at Kotwali P. S. in the District of Dinajpore and thereby made voters believe that they should incur divine displeasure if they did not vote for him". Now, merely leading prayers is not sufficient to make voters believe that they would incur divine displeasure if they did not vote in a certain way. In Ex. D. (paragraph 7) there is some improvement, the word 'thereby' being omitted. In neither paragraph is it stated what the respondent actually said. P. W. 21 says that

after prayers all that the respondent said was "Allahr Waste' vote for me". This would normally mean "For the sake of God vote for me". The witness however interprets this to mean. "If you do not vote for me you will incur the anger of God". P. W. 32 improves on the theme and says that the respondent gave a long speech saying that if persons did not vote for him they would be sinning before God, etc. P. W. 50 is the petitioner himself and he gives evidence similar to that of P. W. 32. He says that he was present when the respondent made this speech. In the verification of his petition and of Ex. D, however, he says that the facts mentioned in these paragraphs are based on information received which he believes to be true. It cannot be said that the petitioner did not understand the purport of this verification. He is a barrister and presumably he has had to deal with such matters. Further, in the verification of his petition he makes a clear distinction between facts which are true to his knowledge and statements which are based on information received. We hold therefore that this charge is a false one. Our decision regarding issue No. 2 is that the allegations made against the petitioner which are the subject-matter of this issue have not been proved.

Issue No. 6.

This relates to the return of election expenses which the respondent has lodged with the Returning Officer. The charge of the petitioner is that this return is false in material particulars and that the respondent has omitted to comply with the provisions of Schedule IV and with the directions given regarding the details which are to be stated in the return of expenses. He also points out that the vouchers attached to this return do not comply with the provisions of the law regarding them. In our opinion this charge has been fully established. The return is Ex. H. of the election petition. The first part of the Form deals with the receipts and the second part with the expenses. We shall deal first with the receipts and the second part with the expenses. We shall deal first with the receipts. Schedule IV states that under the head 'Receipts' there shall be shown the name and description of every person (including the candidate), club, society or association from whom any money, etc., was received in respect of the expenses incurred on account of or in connection with the election and the amount received from each person, club, society or association separately. We have heard a great deal of argument as to what this provision means. It was suggested on behalf of the respondent that all a candidate had to do was to total up the expenses and then show on the receipt side that this amount was received. This argument was based on the fact that there was no provision in the form of return of election expenses to show a balance. In our opinion this argument merits no consideration. It is true that there is no provision for striking a balance but that, in our opinion, is of no consequence. Schedule IV makes it perfectly clear that under the head 'Receipt' there shall be shown every sum received by the candidate from any

person including himself for the purpose of the election expenses. The schedule also makes it perfectly clear that on the receipt side should be mentioned the name of every person, club, society or association from whom any money has been received for election purposes and the date of such receipt. The respondent has made no attempt whatsoever to comply with the provisions of Schedule IV so far as the receipt side is concerned. He states therein that he received from himself the sum of Rs. 4,866-8-6. The date of receipt is given as the 15th of September 1934. This entry is entirely fictitious as we shall show presently. All that the respondent has done is to put in the column of receipts the exact sum which he has spent. His declaration that he received this sum from himself and that 15th September 1934 was the date of receipt is falsified by his own evidence. Why he chose the 15th of September 1934 as being the date of receipt is to us inexplicable. According to the respondent's evidence, he had only Rs. 1,000 or Rs. 1,200 of his own when he entered upon this election. The balance of the money, he says, he borrowed from different persons. The evidence establishes the following amounts received by him by the 15th of September 1934:—

- (1) On 6th September 1934, Rs. 1,000 from Captain Dutt.
- (2) On 15th September 1934, Rs. 1,200 from Captain Dutt.

He did not receive any other money from any body up to this date. These two sums taken with the Rs. 1,000 or Rs. 1,200 which the respondent says he had do not make up the sum of Rs. 4,866-8-6. It is therefore false on the part of the respondent to say that he received the sum of Rs. 4,866-8-6 on the 15th of September 1934. The evidence further establishes that the petitioner received a sum of Rs. 900 from Moulana Akram Khan as a loan by about the 10th of November 1934 (*vide* telegram Ex. 12), and a sum of Rs. 500 from Jogen Chakravorty on or about the 16th of November 1934 (*vide* telegram Ex. 20). It has also been established and admitted that the respondent received the following further sums from Captain Dutt:—

- (1) On 26th October 1934—Rs. 300.
- (2) On 3rd November 1934—Rs. 1,500.
- (3) On 5th November 1934—Rs. 1,500.

There is no mention in the receipt side of the return either of these sums or of the persons from whom these sums were received or of the dates of receipt. We have totalled up these sums and find that they amount to Rs. 6,900. If to this be added Rs. 1,200 which the respondent says that he had of his own, the total comes to be Rs. 8,100. As stated before, only the sum of Rs. 4,000 and odd has been shown on the receipt side. The respondent gives as his excuse that these sums he took as loans not only for election purposes but also for a Madrasa in which he was interested. Apart from the statement of the respondent there is no credible evidence—oral or documentary—to establish this. The book of Captain Dutt establishes to our entire satisfaction that the money given by him to the respondent was entirely for election expenses.

We are further satisfied that the sums given by Captain Dutt were not loans. The first entry runs thus:—"Received the amount of Rs. 1,000 of which Rs. 500, the deposit money will be returned when the same is withdrawn". The second entry is as follows:—"Received the amount of Rs. 1,200 from Captain N. N. Dutt for election purposes". These entries do not support the theory of a loan. In two other entries the word 'loan' has been introduced subsequently. We noticed that the word was written in different coloured ink and that it was obviously interpolated. Captain Dutt has practically admitted this. The evidence establishes to our entire satisfaction that the respondent was being supported by the Congress Parliamentary Board and that Captain Dutt—although he says he does not belong to the Board—took part in the election campaign on behalf of the Board. He said at first that the Board 'ran' the respondent No. 1 and then he denied it. Jogen Chakravorty, according to Captain Dutt, is a great supporter of the Congress Parliamentary Board and it is admitted that he advanced money to Baqui. Dr. Bidhan Chandra Roy was the Secretary of the Congress Parliamentary Board and he admits that he asked Baqui to stand as a nominee of the Board. He says that Baqui was a Congress man and that he desired that he should get elected but he was not willing to admit that Baqui was a nominee of the Congress Parliamentary Board. We cannot quite appreciate these fine distinctions, we are fully satisfied from the evidence—both documentary and oral—that the Congress Parliamentary Board was financing the respondent. In a letter to the *Amrita Bazar Patrika*, which is Ex. 21, Dr. Bidhan Chandra Roy categorically says that the respondent was put up by the Parliamentary Board and takes great pride in the fact that the respondent was elected. There are numerous telegrams to show that the respondent was asking Dr. Bidhan Chandra Roy and other members of the Parliamentary Board for money. We are unable to accept the respondent's explanation that the money he got from Captain Dutt was a loan. Even if these sums were loans, he should have shown them on the receipt side. His statement that the money was borrowed partly for a Madrasa has not been established. Nothing could have been easier than for the respondent to show either from his account books or from the account books of the Madrasa that some of this money was paid to the Madrasa. This has not been done. In our opinion the entire sum mentioned above was used for election purposes. Under Rule 21 every election agent shall for each election keep separate and regular books of account in which the particulars of all expenditure of the nature referred to in Rule 19 shall be entered. The respondent was his own election agent. He says that he kept a book of account in Urdu. He does not produce it and he has not even attempted to look for it. It is unnecessary to say anything further about the receipt side of the election expenses. We are fully satisfied that the entries therein are false.

We next turn to the expenditure side of the return. The evidence shows that the respondent came to Calcutta to get money from Captain Dutt. The return does not show any

travelling expense incurred for that purpose. In his written statement the respondent denies having gone to Calcutta to get money. He also denies having received any money from any person for his election expenses. This denial is obviously false having regard to the respondent's own evidence before us. The return shows that he was at Dinajpore from 29th October 1934 to 5th November 1934. The respondent says that he took Rs. 1,500 from Captain Dutt on the 3rd November 1934 at Calcutta. Captain Dutt's book (Ex. 19) fully establishes that on the 3rd November the respondent took this sum from him at Calcutta. The entry on the expenditure side of the return that the respondent was travelling in different places in the District of Dinajpore from 29th October 1934 to 5th November 1934 is therefore false. The telegram (Ex. 24) also establishes this fact. The respondent's voucher No. 1 is supposed to show his personal expenses. It is really no voucher at all. It is clearly laid down in the form of the return of election expenses that every item of over Rs. 5 should be supported by vouchers arranged in serial order and numbered and that the number of the voucher should be inserted in the return against the item of expenditure shown. There are no vouchers to show the expenses incurred by the respondent when he was travelling about in his Constituency. Voucher No. 1 runs thus:—"My personal expenses in travelling and halting in different centres and prices paid in purchasing the voters' list amount to Rs. 671". Such a voucher containing no details obviously does not comply with the provisions of the election Rules. We next turn to voucher No. 27. It is signed by Tozammel Hossain, an agent of the respondent. All that is said there is that Rs. 350 was received by this agent for travelling expenses and remuneration for messengers and agents. The voucher should show details of what was paid to each agent or messenger. It should also show separately each item of the travelling expense. A voucher of the description of voucher No. 27 is of no value. We next turn to voucher No. 22, dated 31st October 1934. It is obviously a false voucher. It purports to give expenses incurred for the period from 20th October 1934 to 11th November 1934 yet it is signed and dated 31st October 1934. It is impossible to check the correctness of the return with vouchers of this description. We may say, in short, that in submitting his return of election expenses the respondent has made no attempt to comply with the Rules and Regulations governing such returns. These rules have been made for the purpose of enabling the authorities to check the expenses of a candidate. The vouchers and return submitted by the respondent make it impossible for any one to ascertain the true state of affairs regarding the receipt and expenditure of money by the respondent. We are satisfied that the return is false in material particulars and that the respondent has not produced valid vouchers in accordance with the provisions of the Rules and Regulations. We are unable to accept the argument of learned Counsel for the respondent that these irregularities were due to *bona fide* mistake or to a misapprehension of the true import of the aforesaid Rules and Regulations. We are of opinion that the defects

noticed above were due to a deliberate attempt on the part of the respondent to keep back information regarding the receipt and expenditure of money in connection with his election.

Issue No. 10.

We now turn to the last issue, *viz.*, whether the petitioner is entitled to be declared as duly elected for the Constituency. In view of our findings arrived at above we are not in a position to declare that the election of the returned candidate is void. Rule 44 lays down the conditions under which such a declaration can be made. The ingredients of this Rule have not been established to our satisfaction. We answer this issue by saying that the petitioner K. Ahmed is not entitled to be declared as a duly elected member of the Constituency.

We therefore report that the respondent No. 1, Abdullyahel Baqui, the returned candidate, has been duly elected.

We have given our finding regarding the return of election expenses. It is not for us to state anything further on this point. The consequences which will follow from the fact that the respondent has submitted a return false in material particulars shall be decided by the proper authority.

There remains the question of costs. The petitioner has been unable to establish the major portion of his case. We have found that a large number of his allegations were not true. Considerable amount of time has been taken in considering charges which have not been established. Had these charges not been made, the trial would not have taken this length of time. The petitioner cannot therefore be allowed his full costs. He has, however, succeeded in proving one of his charges, *viz.*, that the return of election expenses of the respondent No. 1, is false in material particulars. We therefore allow him a portion of his costs which we fix at Rs. 500 (Rupees five hundred only). We accordingly direct that the respondent No. 1, Abdullyahel Baqui do pay the petitioner K. Ahmed the aforesaid sum as his costs.

Resolution on the Report of the Dacca Museum Reorganisation Committee.

GOVERNMENT OF BENGAL.

Education Department.

Miscellaneous.

CALCUTTA, THE 10TH JANUARY
1936.

RESOLUTION—No. 69 Misc.

Minister-in-charge: The Hon'ble Khan Bahadur
M. Azizul Haque.

Read—

The Report of the Dacca Museum Reorganisation Committee.

In their resolution No. 1579, dated the 3rd March 1913, the Government of Bengal accorded their general approval to the scheme for the establishment of a local Museum at Dacca for objects of historical and antiquarian interest. From its inception it was contemplated to connect the Museum in some way with the Dacca University on its creation. This idea has not been realised and the Government of Bengal appointed a Committee to advise them on the future organisation and development of the Museum and its relation with the University. The Committee submitted their report in September 1933. The Committee's recommendations have been considered by Government and the decision arrived at in respect of each recommendation is indicated below.

2. *Management.*—The affairs of the Museum are at present in charge of a General Committee consisting of 37 members and an Executive Committee of 7 members. According to the Committee this constitution has not functioned altogether satisfactorily and they recommend that the management of the Museum should hereafter be entrusted to a single Committee. They also propose that the public character of the Museum should be preserved and a closer association with the University effected by providing for the representation of the public and the University on the new

Committee. With these ends in view, the Reorganisation Committee have proposed the following constitution:—

The Vice-Chancellor of the University of Dacca, *ex-officio* Chairman.

The Commissioner of the Dacca Division, *ex-officio* member.

The Superintendent, Archaeological Section, Indian Museum, *ex-officio* member.

Two members from the University of Dacca representing Hindu and Muslim history and culture, respectively, to be elected by the Academic Council of the University.

Two members nominated by the Government of Bengal.

Two members, representing the Hindu and Muslim public, interested in antiquities, to be nominated by the Commissioner of the Dacca Division.

The Curator of the Dacca Museum will be the Secretary but not a member.

The Director-General of Archaeology in India and the University of Dacca have agreed with the above recommendations and Government (Ministry of Education) have decided that the existing General and Executive Committees should be replaced by a new Committee re-constituted on the above lines.

3. *Development of the Archaeological Collections.*—The Committee propose that the priority of the claim of the Dacca Museum to all antiquities found in the Dacca and Chittagong Divisions should be recognised in principle and suitable orders issued accordingly in the matter of the distribution of finds. Under the present arrangement, the Dacca Museum occupies the third place on the distribution list and when coins discovered are other than those of the Moghul and Pathan periods, it comes below the Indian Museum only. As the Indian Museum is not only the National Museum of India but is also the principal Museum of Bengal, it should have preference over all other Museums in the province. The Dacca Museum cannot, therefore, be accorded the preferential treatment proposed by the Committee. The Committee also recommend that a system of mutual exchange or loan of duplicate specimens, casts, etc., be established between the Indian Museum and the Dacca Museum with a view to encourage the study of antiquities, particularly of Eastern Bengal. This is a matter which should be referred to the

new Committee for consideration in consultation with the Director-General of Archaeology in India and the Trustees of the Indian Museum.

4. *Natural History Section.*—Government endorse the opinion of the Committee that, while it is desirable to expand the Natural History Section of the Museum at the earliest opportunity, it is inadvisable, with the limited resources at the disposal of the Museum Committee, to do more at present than endeavour to conserve the existing collections.

5. *Annual Report and Draft Rules.*—The Committee recommend that a report on the working of the Museum should be printed annually and that as there has been no printed report since 1926, a résumé of the activities of the Museum from that year should be incorporated in the next annual report. They have also suggested certain rules concerning the management of the Museum. In the opinion of Government the rules are suitable but they as well as the question of the annual report should be left to the new Committee to decide. Government will, therefore, bring this recommendation to the notice of the Committee of Management on its appointment.

6. *Finances.*—The Museum receives from Government an annual maintenance grant of Rs. 3,000, a supplementary grant of Rs. 500 against an equivalent contribution from the Dacca University, and another grant of Rs. 400 for compensation for duty on spirit, all these grants being now subject to a reduction of 20 per cent. The Committee recommend that both the supplementary grant of Rs. 500 from Government and the contribution of the like amount from the University should be increased to Rs. 1,000. The University of Dacca have agreed with this recommendation of the Committee and Government propose to give effect to it, so far they are concerned, with effect from the next financial year. In order to be

able to work up to the budget proposed by the Reorganisation Committee, the new Committee will have to endeavour to secure subscriptions and donations from individuals and public bodies and in this connection Government endorse the proposal of the Reorganisation Committee that the re-constituted Committee should be empowered to add to their number such individuals who, either themselves or as representing public bodies, shall have contributed to the funds of the Museum a sum of Rs. 500 annually or a donation of Rs. 5,000.

For the future, the Committee have suggested that as soon as the financial condition of the province has improved, the annual maintenance grant of Rs. 3,000 from Provincial Revenues should be raised to Rs. 4,000. Government are, however, unable to commit themselves to this liability at the present time.

7. *Curator.*—The Committee recommend that the Curator should be immediately placed in the grade of Rs. 250—10—300 and that to increase his emoluments, he should be permitted to undertake work on behalf of the Dacca University. These are matters for the new Committee to consider, with due regard to the condition of the Museum finances. Government will, therefore, bring them to the notice of that Committee.

ORDER.—Ordered that the resolution be published in the *Calcutta Gazette* and that copies be forwarded for information to the Director-General of Archaeology in India, the Vice-Chancellor of the University of Dacca, the Director of Public Instruction, Bengal, and the Commissioner of the Dacca Division.

By order of the Govt. of Bengal
(Ministry of Education),

If the Governor be, from unavoidable causes, compelled to absent himself without having first obtained permission as abovementioned, he shall state that fact and the cause of it in the journal which he is required to keep, and shall report the same to the Secretary for information.

4. In the exercise of the authority committed to him, he shall show firmness with tact, and shall on no account use language calculated to irritate the inmates of the Workhouse. He shall at the same time see that his orders on the inmates for the maintenance of discipline are treated with respect. Any insubordinate behaviour on the part of vagrants shall be immediately recorded for the information of the visitors or the Committee.

If the misconduct be of a serious nature, the Governor shall make immediate report to the Secretary.

5. The Governor shall receive into his custody any vagrant delivered over to him, with an order for detention under section 5 of the Act signed by a Presidency Magistrate in Calcutta, or a Magistrate of the first class in the mofussil, and shall cause the name of the said vagrant, together with his age, country, profession, last employ, and any other useful information concerning him, to be recorded in a book kept for this purpose.

7. The Governor may, if necessary, select an inmate of the Workhouse whom he considers fit and reliable to perform the duties of a subordinate officer (without any *allowance*) to assist him in the general working of the Workhouse.

In case of any death among the inmates in the Workhouse or in Hospital, the Governor shall report such death to the Secretary for the information of the Commissioner of Police, and if that Officer gives orders for the disposal of the body the Governor shall inform the nearest relatives or friends of the deceased, if they can be found, and such relatives and friends may be allowed to remove the corpse, otherwise the Governor shall himself make arrangements for the disposal of the body.

16. The Governor shall direct the Medical Officer of the Workhouse to attend every morning to inspect the vagrants and at such other times as may be necessary, and shall see that in a book to be called "The Medical Journal" the Medical Officer enters from time to time such observations on the sanitary state and regimen of the Workhouse or inmates thereof as such Officer may think desirable or necessary for the information of the Committee or monthly visitors.

17. The vagrants, on admission, shall be kept separate, until it be certified by the Medical Officer of the Workhouse that they are clean, and are fit to be received amongst the other inmates. 18. The vagrants shall be placed before the Medical Officer of the Workhouse the morning after admission, who shall examine them and certify as to their fitness for labour their state of health and apparent sanity of mind. If certified by the Medical Officer as fit for labour, they shall be immediately put to such work as the Governor may consider fit.

19. Employment of some sort and, if possible, profitable employment, shall be provided for all inmates of the Workhouse. Any vagrant who does not perform his full task of daily work shall be kept at sedentary labour in a cell on cell diet.

Damodar Canal Project.

(a) Description of the work.

General.—The Damodar Canal Project was designed and constructed to irrigate an area of 180,000 acres on the left bank of the

Damodar river in the district of Burdwan. A measure of control of the water levels has been obtained by the construction of a weir with undersluices and a head regulator at Rondia some 30 miles west of the town of Burdwan. The water so controlled flows through a canal system and is passed on to the land through permanent outlets to irrigate the crops by flowing from field to field.

The total length of canals on the system is 232 miles 1,160 feet.

Headworks.—The headworks are situated at Rondia and consist of a weir wall with three river sluices (usually called undersluices) and a head regulator with the usual abutments, guide banks and flood bunds.

The weir is 3,750 feet long and is designed to raise the ordinary low water levels by 9½ feet. The three undersluices are each 60 feet wide and are situated on the left bank of the river in continuation of the weir wall and their purpose is to ensure that the main thread of the current shall pass close to the canal offtake.

Control is obtained by Stoney's sluice-gates 60 feet wide and 8½ feet high. The gates are counterbalanced and operated by hand winches.

The head regulator is a sluice with five vents 20' x 4½' each in size and are designed to pass 2,000 cusecs of the river water into the canal system.

The controlling gates are of a type known as the "rising cill" which means that when the sluice is fully open, the gates have to be dropped behind a breast wall. This ensures that the supply of water passing into the canal will be free from sand, the sand passes along the floor of the undersluices and is retained in the river bed.

The canal system.—The canal system consists of—

- (a) A main canal with distributaries.
- (b) A branch canal with distributaries.
- (c) A large distributary (No. 6) with minors.

(a) *The main canal* is 26 miles 774 feet in length, for its first 13 miles it flows in a north-easterly direction and at that point it crosses the Grand Trunk Road (in its 89th mile). This canal then flows in an easterly direction parallel to and to the north of the Grand Trunk Road for a further 12 miles, where it turns to the south to cross the Grand Trunk Road in the 75th mile to flow into the Eden Canal in Issofabad mauza. There are three important cross drainage works, viz., the Kookooee syphon (5th mile), the Banka syphon (8th mile) and the Kandar syphon (13th mile). These are designed to pass the waters of the Kookooee, Banka and Kandar rivers under the canal.

Falls have been provided in the 15th, 16th, 17th, 20th, 21st, 24th, 26th and 27th miles.

Distributaries Main Canal.—*Distributary No. 1* takes off in the 8th mile from the right bank and flows in a southerly direction for a distance of 1 mile 3,320 feet.

Distributary No. 2 takes off in the 10th mile from the right bank and flows in an easterly direction for a distance of 4 miles 1,680 feet.

Distributary No. 2A takes off in the 2nd mile of *Distributary No. 2* from its left bank, and flows in a north-easterly direction for a distance of 1 mile 4,195 feet.

The Branch Canal takes off in the 14th mile (*vide* separate description).

Distributary No. 3 takes off in the 15th mile from the right bank, and flows in a south-easterly direction for a distance of 3 miles 1,024 feet.

Distributary No. 4 takes off in the 17th mile from the right bank, and flows in an easterly direction for a distance of 4,173 feet.

Distributary No. 4A takes off for the right bank of *Distributary No. 4* and flows in a south-easterly direction for 3,100 feet.

Distributary No. 4B takes off in the 18th mile from the right bank, and flows in an easterly direction for a distance of 2 miles 5,080 feet.

Distributary No. 4C takes off in the 19th mile from the right bank, and flows for a distance of 5 miles 3,530 feet in an easterly direction.

Distributary No. 5 takes off in the 21st mile from the left bank, and flows in an easterly direction for a distance of 1 mile 600 feet.

Distributary No. 6 takes off in the 26th mile from the left bank (*vide* separate description).

Distributary No. 7 takes off in the 26th mile from the left bank, and flows in an easterly and southerly direction for a distance of 1 mile 3,065 feet.

The total length of the main canal and its distributaries, exclusive of the Branch Canal and *Distributary No. 6*, is 49 miles 4,148 feet.
